 Haramaya, Ethiopia

SUMMARY

self-driven and detail-oriented Frontend developer with hands-on experience building responsive and accessible web interface using React, Javascript, HTML, CSS, Tailwind, Next.js. Proven ability to deliver clean, scalable code and contribute to full projects lifecycle. Passionate about crafting modern UI/UX experiences and continuously learning technologies. Seeking to grow as full-stack developer while contributing meaning full, real-world projects.

EXPERIENCE

Frontend Developer (Projects)

 2024 - 2025

1. *Personal Portfolio Website*
A modern, responsive portfolio built with React to showcase my skills, projects, and personality. It features a clean layout, smooth animations, and mobile-first design to ensure a seamless user experience across all devices.
2. *Babul Kheyr NGO Website*
Developed a dynamic web platform for a nonprofit organization focused on food security, education, and healthcare in Addis- Ababa. The site includes interactive sections, image galleries, and responsive design, emphasizing accessibility and user engagement.
3. *Online Shopping Web App*
Created a full-featured e-commerce frontend with a modern UI, secure payment integration (e.g., Stripe), and customizable product inventory. The application supports responsive layouts and user-friendly navigation for a smooth shopping experience.

CERTIFICATES

2024 - 2025

- Fundamental Programming Certificate – Udacity
- React Development Certificate – HUCISA
- ALX Software Engineering Program – In Progress

TECH VOLUNTEER

build online ecoommerce website

STRENGTHS

- 

Problem Solving

Excellent debugging and problem-analysis skills in both frontend and IT environments.
- 

Adaptability

Quickly adopts new tools and frameworks in dynamic tech environments.
- 

Collaboration

Works well in team settings, ensuring project goals are met with clear communication.

SKILLS

Frontend

HTML, CSS, Tailwind, React, javascript, Next.js

Tools & Practices

Github, Git, Vscod

PASSIONS

- Coding
- Enjoy experimenting with web tech, debugging apps, and exploring UI/UX improvements.
- Testing
- Love testing and improving application logic and performance before deployment.
- Learning
- Always eager to explore new languages, frameworks, and development tools.

EDUCATION

Campus

BSc in Computer Science

Haramaya University, Ethiopia

expected graduation 2026
